

# Pluto PIR Sensor CCT - Hvid

## Product information

PLUTO er vores nye alsidige designlampe til montering på enten vægge eller lofter. PLUTO leveres med både direkte og indirekte lys, der ikke kun sikrer et stilfuldt design, men også minimerer blænding og skaber en behagelig atmosfære. Med sin alsidighed er denne lampe ideel til mange former for rum, lige fra kontorer til vådrum, gangarealer og trappeopgange. PLUTO har CCT switch med 3000K eller 4000K. Der er mulighed for kabeltilgang fra bagsiden og/eller fra siden af lampen. PIR sensoren i lampen justeres med dip-switch og giver mulighed for tryghedsbelysning på 10 eller 30% i en periode eller altid når der ikke registreres bevægelse. Lampens sensor kan styre flere eksterne lamper - eksempelvis et spejllarmatur på et toilet.
